

# XLP ECO

by PALM PRO

**LIGHTWEIGHT. BREATHABLE. WET/DRY GRIP**

A lightweight micro-foam nitrile coated work glove built with a nylon, spandex, and elastane liner for breathable comfort, high dexterity, and reliable grip in wet and dry general-handling work.

GENERAL HANDLING / BREATHABLE / WET-DRY GRIP

## CUT A

EN ISO 13997 • 2 N minimum

## CUT A1

ANSI/ISEA 105 • ASTM F2992

## ABRASION 4

EN 388 / ANSI abrasion rating

## BREATHABLE GRIP

Micro-foam nitrile coating

### WHY CREWS CHOOSE IT

#### Lightweight grip for everyday work.

- Micro-foam nitrile coating offers 360° breathability.
- Micro-foam grip structure improves control in wet and dry conditions.
- Ultra-thin coating supports higher sensitivity and touch control.
- Nylon liner provides excellent dexterity for everyday handling.
- Seamless knitted liner improves comfort and flexibility during long shifts.
- Lightweight build helps reduce hand fatigue in general applications.

### BUILT FOR

#### Everyday handling where comfort and control matter.

General Handling

Assembly Work

Packaging

Warehouse

Maintenance

Automotive

DIY / General Work

Light Wet/Dry Handling

#### BEST WHEN THE JOB GETS:

**LIGHT / FAST / DEXTERITY-FOCUSED / GRIP-DEPENDENT**

One glove for teams that need breathable comfort, everyday grip, and high dexterity across general handling tasks.
