Patented StickGrip™ pattern

#### WHY CREWS CHOOSE IT

#### High cut protection with grip crews can trust.

- TDM Cut Level F protection for high cut-risk handling.
- ANSI/ISEA 105 Cut Level A6 protection rated at 3,000–3,999 grams.
- Patented StickGrip™ natural rubber pattern delivers exceptional grip in dry and wet work.
- 13-gauge HPPE and stainless-steel liner helps protect against sharp materials.
- Flexible knit construction supports handling, movement, and day-to-day control.
- Eco-friendly solvent-free manufacturing process supports a cleaner glove build.

#### BUILT FOR

#### Sharp-material handling where grip matters.

Glass & Window

Metal Fabrication

Sheet Metal

Automotive

Metal Stamping
